Lottery Guidelines:

- **Places:** Prior to the lottery, the number of available places will be posted on our web site (www.surryvillagecharterschool.org).

- **Siblings:** If a second application period is needed, all siblings of admitted students who have completed applications will be placed, prior to holding a second lottery.
- **Applicants:** All names of remaining students who have submitted completed applications will be written on index cards and placed in a container. (Students who are applying with their siblings will have this information marked on their card.)
- **Drawing:** As each name is drawn, the student will be admitted or placed on the waiting list, according to the criteria outlined above.
- **Admitted Students:** If a student meets the criteria outlined above, he or she is conditionally admitted to SVCS. An acceptance package will be mailed in the following week.
- **Siblings of admitted students:** When a student is admitted, their siblings' names are automatically drawn. If there is space, the siblings are admitted as well. If not, they will be placed on the waitlist.
- **Waitlisted Students:** If there is no longer space available, the student will be placed on the waitlist in the order that his or her name was drawn. If an opening occurs in a given grade, students on the wait list will be contacted according to their order on the waitlist.
- **Students who apply to SVCS after the lottery date** will be conditionally admitted only if space is available and they meet the appropriate criteria outlined above. If space is not available, they will be placed on the waitlist in the order that their completed application is received.
- **Students with Individual Education Plans:** Parents of students who are on IEPs will need to set up a team meeting with the sending school, SVCS and themselves to determine if SVCS is the right placement for the child.
